

BUSH SURVIVAL

DURATION
180-360 minutes
(according to guest numbers)

REQUIREMENTS
Suitable outdoor space – flat and grassed. Trees & bush areas ideal.

GUEST NOS.
Up to 50

SEE THE EVENT IN ACTION!

Are you a budding Ray Mears? Have you got what it takes to survive the great outdoors? This activity encourages teams to learn new skills and bond as a team as they implement basic survival skills in an unusual and memorable experience!

After a safety briefing and introduction by our Event Manager it's on with the challenges! All tasks are demonstrated and supervised by our experienced instructors and depending on your group's ability on the day we will guide them through some or all of the 4 survival skills – scavenger hunt, shelter building, fire lighting and knife skills.

At the conclusion of the event our Event Manager will recap the main points of the survival skills learnt and experienced on the day, before giving the teams a survival rating for their performance! This activity encourages teams to learn new skills and bond as a team as they implement basic survival skills in an unusual and memorable experience!

"Everyone really enjoyed all of the events and the variety was very welcome" SCA Hygiene Products

NB: The inclusion of the fire building skill is dependent on the venue.

BUSH SURVIVAL

DETAILS

The activities are challenging and fun yet will require skill, strategy and action. After a safety briefing and introduction by our Event Manager it's on with the challenges! All tasks are demonstrated and supervised by our experienced instructors and depending on your group's ability on the day we will guide them through some or all of the 4 survival skills:

Scavenger Hunt

Learning natural techniques about scavenging, teams will hunt to collect resources along with the essential materials that will be required to survive the next rounds!

Shelter Building

There are 2 different types of shelters that you can build but what materials did you collect from your scavenger hunt? Do you have the basic equipment needed to build any of these shelters or will you be left out in the cold?

Fire Lighting

There are three main techniques to Fire Lighting which incorporate both original, modern and traditional methods such as friction and percussion. Which will you be successful in achieving? Light a fire to ensure you can toast those marshmallows!

Knife Skills

Using a knife & folding saw you will be shown and able to practice carving skills and use them in your quest for survival! This is a fascinating skill to be introduced to and instructors will show teams the safe and correct way to enjoy whittling.

THE FINALE

At the conclusion of the event your Event Manager will recap the main points of the survival skills learnt and experienced on the day, before giving the teams a survival rating for their performance!

ADD THAT SOMETHING EXTRA...

Bread Baking Challenge - £150 plus VAT per team

Tailor your challenges or extend your experience to a full day event by adding a Bread Baking element. Teams will learn the basics of bread making and cooking over an open fire. Pan baking equipment, ingredients, herbs/spices and guidance from our instructors is all included.

Event Photographer - POA

Our seasoned photographer will capture all the action throughout the event, and we'll send you the great shots after the event on CD.
