

# COMBAT ARCHERY

**DURATION**  
60-90 minutes

**GUEST NOS.**  
Up to 64 guests

**REQUIREMENTS**  
Flat, lawned area

**A far more inclusive and we promise 100 times less painful alternative to paintball, Combat Archery is a fast-paced and energetic event perfect for either blowing off those late-night cobwebs or bringing your event to an exhilarating finale!**

Following a full safety briefing from our Event Manager, teams will at first embark on a series of training drills to hone their accuracy... before entering the specially laid out combat arena for their first battle!

Teams will compete in a series of matches aiming to either capture the opposition flag or be the last team standing, whilst trying to score points by hitting the opposing team members in a live 'game'.

The arena will have varied obstacles to provide cover, whilst the felt-covered "arrows" are specially designed to cause no discomfort – to the extent that the only safety equipment required is a mask to both protect the eyes, and also look the part!

**"It was brilliant fun, Graeme and the team were fantastic" Zuora**
