Why not capture imagination, inspire innovation, encourage corporate social responsibility, and entertain in a fun and memorable way with our cooking events! With expert chefs on hand, our corporate cooking classes are a great culinary experience for all to enjoy and learn new skills.

There are many different styles of cooking events incorporating culinary skills from around the world, from simple master classes to focused team building events.

Each event will commence with a health and safety briefing along with knife handling skills demonstrated by the chef. Your team will be using luxury contemporary cookery stations which have been designed and purpose built for the cookery-based classes. These luxury cookery stations offer all the facilities of a kitchen and can be set up quickly in any conference room or exhibition hall, subject to consent of the venue.

Each event is run by professional chefs who have worked in some of the best establishments in the country.
