CRAFT WORKSHOPS

Workshop Examples

Candle Making

Our experienced tutor will guide you through the process of how to make the most natural candles, using a variety of essential and fragrance oils to develop a personal scent. The 7 steps to the process of candle making are - **wax, scent, wicking, pouring, positioning, curing, trimming and finishing**. There is a lot of work involved in candle-making but it's a fun and therapeutic activity!

Origami

Experience the beautiful paper art of origami in this unusual workshop! Our Origami tutor will demonstrate how to make these decorative crafts and with guidance guests will make their own gorgeous creations. A lovely keepsake from the event.

Caricatures

Learn a new party trick that will wow your friends! Guests are taught the art of caricature by a professional caricaturist and get to use their learned skills caricaturing themselves and each other. Great fun will be had by all!

Terrarium

Create your own little eco-system in a glass container. The professional tutor will teach you the plants that can be used and soil preparation. At the end you will have your very own unique Terrarium to take home or gift to someone.

Bath Bombs

This very popular workshop will enable guests to make a set for themselves or to gift to someone. You will know everything that goes into your bath bomb from the colours to the scents. Then take your hand-made creations home in a lovely container.

Jewellery Making

Create your own beautiful, beaded jewellery including necklaces, bracelets and earrings. Choose from a wide variety of beads and create stunning pieces. We'll show you how! This session also includes a beautiful presentation box to keep your handmade creations safe, and act as a memento of the event and occasion. Co-ordinate your accessories with a special outfit, or just create a set of beautiful items that will have the opportunity for many outings!
