

# CRYPTIC TREASURE TRAIL

**DURATION**  
60 – 180 minutes

**REQUIREMENTS**  
If possible, an area to  
seat all guests for  
marking and  
Presentation

**GUEST NOS.**  
4 - 300

**This action-packed journey into the unknown requires observation, concentration and communication as teams attempt to bring back the answers to a frustratingly fiendish set of cunning clues.**

Using a local map, each team must solve a series of clues to identify specific locations. Whilst this is not impossible, finding the answers at each location will require a little exploration and footwork!

Each team will be expected to complete the trail within a set time - however there are no points awarded for finishing early. The Cryptic Treasure Trail is not intended as a race, more a hunt for the unexpected. Providing an opportunity for teams to bond whilst taking in the sights either by foot or car, these sessions are designed to be challenging, competitive and fun.

Broken into sections including the trail, photo observation clues, creative challenge and codebreaker task, teams will need to pull together to complete the task on time with points given for accuracy and creativity. The answers are out there.

***"Everyone enjoyed the day, the competitive side came out in everyone and there was that much going on in each team navigating, asking directions, working out the routes, solving clues. All great fun!" Comms-Care***

# CRYPTIC TREASURE TRAIL

## DETAILS

Your party will be divided into teams who will each travel by foot OR car to a series of locations within the vicinity of your chosen location.

At the initial briefing, each team will be provided with:

- **Instructions and objectives**
- **Route map, pencil and clue sheet**
- **Team itinerary**
- **Photo spot the difference images**
- **Creative Challenge brief**
- **Code Breaker task**

## Route Finding and the Cryptic Clues

Using a local map, each team must solve a series of clues to identify specific locations. These will require teamwork and some lateral thinking and finding the answers at each location will require a little exploration and footwork. Each team will be expected to complete the trail within a set time - however there are no points awarded for finishing early - the Cryptic Treasure Trail is not intended as a race, nor indeed should it be considered as a leisurely pub crawl!

## Spot the Difference (no cameras used)

Your team must seek out the location of and then solve the photo image clues – some are fiendishly subtle whilst others blindingly obvious!

## Creative Challenge

Teams must acquire the materials they need to produce a unique one-off item to meet the briefing of our KDM Event Manager. How creative your group can be in interpreting the brief to make a truly one-of-a-kind entry is the key to earning maximum points.

## Code Breaker Task

The simple, the obvious and the mind-boggling - and that's just the Team. The memory banks are dredged, and arguments ensue as the whole team tries to agree on the answers to the clues in order to break the letter replacement code.

## Scoring

Teams will be awarded points for:

- **Solving the Cryptic Treasure Trail clues**
- **Success in the photo image observation clues**
- **Making a unique entry for the Creative Challenge**
- **Completing the Code Breaker Task**
