SEE THE EVENT IN ACTION!

Escape the Office is our new, unique, interactive take on the current escape room craze, with each team taking on an identical challenge and battling to be the first to pool together and decipher enough information to discover the hidden key and break out from the office!

A hugely immersive activity with plenty of opportunity to keep guests fully absorbed as they race towards escape, each team is provided with a selection of typical desk items and a locked filing cabinet filled with a selection of seem puzzles they begin to edge closer to finding the 'Office Key' and escaping. However, we haven't made it simple!

There are several layers of problem solving, discussion and debate, with a few red herrings thrown in for good measure. By discovering the solution to each puzzle, you will unlock another and move one step closer to the key.

As you work your way through the tasks and challenges, the clock ticks on and the pressure builds, but don't panic...each team can cash in a 'life' for a clue if totally stuck.

"...It was great fun – your Event Crew were brilliant as always getting everyone motivated, and it was expertly organised from start to finish" Cranfield University

ESCAPE THE OFFICE

DETAILS

After an initial briefing and introduction from our Event Manager the scene is set and teams are each allocated an 'office space' based on your conference table, comprising of a locked filing cabinet and wide selection of props such as a Computer Monitor, Keyboard, Letter Tray, Coffee Cup, Diary & many more!

Then the clock is set and the challenge begins!

Once the task is underway, teams must not leave the vicinity of their desk space and the fun begins as each team tries to find the first actual clue (which may not be immediately obvious) from the assortment of props, information and misinformation laid out on their desk.

Whether the clues be hidden in newspapers, at the bottom of a coffee cup or on the computer screensaver, the team must decipher the useful from the useless - and make sense of cryptic information in order to move on to the next stage of the task.

Anything contained within the 'office' could be relevant, but no one will know for sure unless they discuss and communicate their ideas and come up with a reasoned plan.

Each stage requires a different approach as there are coded messages, visual puzzles, observation tests and a number of tasks to be attempted – meaning that the event truly relies on teamwork & communication for the team to gain success and **Escape the Office**.

FINALE

Teams who solve the entire puzzle will be able to Escape the Office by gaining access to the key, leading to freedom!

At the conclusion of the event, all clues will be revealed for those teams not speedy enough to have solved the mystery of Escaping their Office...and the victorious team will receive their winners' prizes!
