

CHRISTMAS CRAFTS

DURATION

Subject to workshop

GUEST NOS.

10 – 100 guests
(Larger numbers can be accommodated)

REQUIREMENTS

Indoor space with use of tables and chairs.

Cracker Making

Create your own unique set of Christmas crackers from scratch at this fun festive workshop. We'll provide a wide range of festive papers, a haberdashery of matching trims, plus those all important cracker snaps to make your crafty crackers go bang! Also provided will be the paper hats to include in your crackers, but we'll leave the gifts up to you.

Candle Making

Create your own beautiful candle to take away with you. A relaxing two-hour workshop, suitable for complete beginners. Make your own 180g Christmas candle, choosing your own fragrance and colours, using eco-soy wax. Our experienced tutor will guide you through the process of how to make the most natural candles, using a variety of essential and fragrance oils such as Orange & Cinnamon, Pine etc to develop a personal scent.

Origami Decorations

Learn the beautiful paper art of origami in with a festive twist! Our Origami tutor will demonstrate how to make the decorations and with guidance guests will create their own gorgeous decorations. A lovely keep sake from the event.

Festive Caricatures

Learn a new party trick that will wow your friends! Guests are taught the art of caricature by a professional caricaturist and get to use their learned skills caricaturing themselves and each other. Great fun will be had by all!

Wreath Making

Design and customise your own festive wreath this Christmas with this crafty party workshop idea. A great activity for any end of year team bonding treat. Dig into our bounty of festive materials to customise your wreath to your own style and taste. Whether you want to use fun festive ribbons and colourful baubles, or go for a more traditional Christmas wreath using cinnamon sticks, dried orange pieces and pine cones.

There are more festive workshop options, these are some of our most popular!
