SEE THE EVENT IN ACTION!

NEW

Don't fancy a stint in the jungle, but instead just a taste of the action? Then our Get Me Out of Here event is just the "trial" that you need, as teams compete for as many stars as possible before tackling our version of the famous Cyclone finale!

Teams will take part in a series of themed challenges – with a focus on not only fun and entertainment, but also working and communicating as a team to complete the varied tasks at hand.

Challenges will include:

Word on the Grapevine – teams must rearrange the letters from the washing line, to create the correct phrases in the quickest time possible!

Bush Telegraph – using our bush telephone, teams must recreate a piece of artwork, using their communication skills alone.

Magnetic Maze – a member of the team must guide the magnetic tokens through the maze, but as they will be unsighted teamwork will play a major role in this!

Bush Tucker Trail – no eating or drinking required... instead teams have to balance & transport their food up, down & around the course spilling as little as possible.

Shooting Stars – using custom combat archery bows, teams will have to prove their accuracy by shooting out the stars to earn as many as possible!

GET ME OUT OF HERE

DETAILS

A series of Get Me Out of Here themed challenges await, accompanied by branded signage boards, giant prop replicas and our take on the famous **Cyclone finale** all await your teams in this highly realistic and engaging event!

Split into teams of no more than eight guests, the teams shall compete head to head across a selection of up to eight themed challenges as detailed below:

Magnetic Maze

Each team must successfully guide their tokens through our magnetic maze – but of course, we don't make it as simple as it sounds!

Word on the Grapevine

Using a simple pulley system, teams must demonstrate their communication skills by working together to assemble the correct word from the jumbled letters.

Bush Telegraph

Using the full-sized iconic red telephone box, teams must relay via phone the intricate pieces of artwork to be recreated...

Bush Tucker Trail

No eating or drinking required! Instead, teams must balance and transport the food around the course & deposit into the non-human mouth as accurately as possible!

Shooting Stars

Teams must demonstrate their shooting prowess using our combat archery bows and arrows, shooting through the stars to earn maximum points.

Roller Ball Rapids

Can your team master the fiendishly tricky tilting table, to reach the score zone?

Cyclone Finale!

Come the event conclusion, the top several teams shall enter the inflatable to retrieve the correct critter – collecting as many as possible in the allotted time, whilst coming under attack from the competition!
