

ICE SCULPTING

DURATION

60 – 180 minutes
(according to guest numbers)

REQUIREMENTS

Dependent on guest numbers

GUEST NOS.

4 – 50 guests

SEE THE EVENT IN ACTION!

Have you been asked to think of something unique to bring to this year's conference? The 'Team Ice Challenge' is a great teambuilding session with the versatility to be used as either a fun breakout session or a fully involved event.

Providing a unique environment for guests to communicate and bond, this hands-on event involves flair and precision.

After an inspirational demonstration from our resident professional, teams will have the opportunity to 'try their hands' at carving a masterpiece ice sculpture!

Using the carving kits provided, including chisels, leather gloves and goggles, teams must follow the directions given by the instructors to successfully carve their very own creation.

An event with a difference, Ice Sculpting provides a fully bespoke experience that challenges individuals to observe and retain information - then use their acquired knowledge in a creative and productive way with instant visual results.

"Would like to say a big THANK YOU, to you and your team for organising the Ice Sculpting event. It was great fun and enjoyed by all (can't always say that!)"
Costa Coffee

ICE SCULPTING

DETAILS

This event is quite literally an **icebreaker!** Within your session, perfect strangers will be laughing and joking like old friends. We know, we've seen it happen!

Guests will be allocated into small groups. Each team has their own block of ice, trays, gloves, glasses and ice carving tools. After a safety briefing on how to use the tools and equipment provided, your group enjoys an expert demonstration of professional ice carving!

No time to waste though, within 10 minutes of the event beginning your teams will begin to draw the outlines for their sculptures and start to carve their block.

Each team receives specialist tuition on how to:

- **Design** apply the design
- **Silhouette** cut out the silhouette
- **Blocking in** push back the levels
- **Rounding** cut off the corners
- **Sanding** smooth the ice
- **Details & Clean** add refractive angles and remove small scratches and ice chips

This event is fast paced, fun and often provides some surprising results!

FINALE

Guests can choose to create totally unique characters and designs for their sculptures, reproduce well known icons or even have a company message/theme to tie all the teams' creations together.

Whichever route they opt for, all the finished (or almost completed!) sculptures will be presented for final line up inspection at the conclusion of the event.

Our expert ice carver will judge each teams' creation on originality and skill.
