

JUGGLING JAMBOREE

DURATION
30 minutes

GUEST NOS.
Unlimited

REQUIREMENTS
Sufficient space for
a chair per person

An enjoyable, gently challenging session suitable for any event. See a different side to your colleagues!

Following a demonstration by professional circus performers, your guests will break down barriers and discover new skills, in a fun, learning environment where failure is not feared.

Guests will be led through the techniques of successful juggling skills – starting off slow with basic 3 ball patterns such as the ‘Shower’ pattern, progressing to ‘Cascade’ and perhaps even ‘Fountain’ depending on the time frame and confidence of the group.

Juggling one of the most rewarding, yet least physically demanding skills, and whilst we can’t promise your guests will be amazing jugglers by the event we can make sure they have plenty of fun!

As an optional extra we can provide balls branded with a client’s details making them a great memento for guests to take away and keep. Please ask for details.
