Sufficient space for a
table and chairs for
each team plus space
for large screen and
AV equipment

GUEST NOS.
10 – 500 guests

SEE THE EVENT IN
ACTION!

Bringing teams together for an interactive evening of fun, our Mega Quiz is truly an event to remember!

After an introduction from your Quiz Master and Scorer, each team will be issued with their own remote keypad to ensure that the event takes on a fast pace, thereby ensuring maximum interaction and competition between the teams.

There will be a number of varied rounds incorporating music, observation, video clips, response and fastest finger first rounds – all appearing on a giant screen in a contest designed to tax both your memory banks and your wit, as teams work together to hit the high scores and claim the Mega Quiz Championship title.

The Quiz has been specifically designed to be as cheat and Google-proof as possible, with an automated scoring system keeping track of the points... which can also deduct points for any teams attempting to cheat their way to glory!!

A scores round up is available at any time to see who's currently topping the leader board, with a Winners Medal awarded to each member of the winning team along with a bottle of bubbly for the team, to celebrate their success at the end of the final round!

MEGA QUIZ

DETAILS

We would recommend the Mega Quiz event takes place after dinner. After dinner has concluded your Quiz Master will introduce the event and the fun begins.

The Quiz will last for around 90 minutes and will conclude with a prize giving. Teams are usually allocated by table and issued a remote keypad to send their answers straight to the computerised scoring system.

The rounds will be chosen by our Quiz Master on the night – with 8-10 rounds typically selected from some of the following amongst many others:

True or False

How difficult can it be? 50/50 chance of getting it right but which team will have the best odds against a ticking clock.

Let's Get Things in Order

The scores reduce in value as the timer counts down in a battle to put subjects in the correct order before the counter reaches zero.

Food & Drink

Do you know your mushrooms from your cheeses? Food fanatics eat your heart out.

General Knowledge

Questions you think you should know the answer to...but probably don't!

Movies Quotes

It's fastest finger first as you buzz in as soon as you recognise the sound bite from a classic Hollywood hit.

What's In the Picture

The quicker you identify these obscure images, the higher you score...but be careful as they may catch you out!

Cheesy Listening

Can you identify what year each of these cheesy songs hit the charts? I's tougher than you'd think!

Dingbats

Can you be the first to identify the famous name just from a bunch of picture clues?

And many, many more...
