Put the fun back into any company away day or team-building event with one of our most popular country sports....Sheep Dog Handling!

Guests will be motivated, educated and will be talking about the day long after they return to base.

Working with the dogs and ducks in a relaxed and entertaining setting enhances communication skills and working relationships, while encouraging all participants to think outside the box to overcome new challenges.

An enjoyable experience that's certain to boost spirits, works great as a stand-alone activity for up to 25 guests or part of a Country Sports experience.

"Without exception, the most interesting (and hilarious) team building event I have ever been involved in." Eric Wright FM Ltd
