120-240 minutes

REQUIREMENTS

3 separate areas to accommodate 1/3 of the group in each, and one large area for the ice breaker & finale.

GUEST NOS.

10 – 5000

Embrace the Change! Lose the Limits! Just Jump In! Urban Jam is all about modern expression, creative thinking, and the passion for delivering.

Your group will experience a selection of new and surprising challenges as they rotate around 3 exciting urban creative arts. Your street wise crews will eventually regroup to combine all their perfected skills into one dynamic urban performance.

Ice Breaker - After a performance from our experts, we allocate teams.

The ice breaker sees your teams customising their own baseball caps & T-shirts graffiti style. Now looking as hip as possible it's off to their first rotation.

Junk Funk - Create a pulsating junkyard orchestra, contemporary rhythms using everyday junk objects with amazing immediate results.

Street Moves - Learn wicked street moves and shapes with professional street dance choreographers. Get your bodies popping in this snappy routine.

Human Beat Box and Rap - Sound like the funkier drum machine ever. Compose some home-grown rapping lyrics and merge both skills for maximum effect.

Finale - With everyone having tried everything, we reconvene as one team and combine all three activities together. **Your Urban Jam finale will not be forgotten!**

“What a great way to meet your new team.” - Stonewater
