PASSPORT

You've been framed and locked up in the top office. Complete the three levels and escape the room before the police arrive... the team that escape with the most points will be crowned the winners!

Art Heist is the perfect activity for building strategic-thinking skills. Teams must unite and find the best way to escape their confines! It's all about strategy and communication. Connect and collaborate on challenges that will help you make your escape. Crack clues using our award-winning app as you work with your team.

It's up to you and your team to bust out before time runs out!

After your team have allocated a team captain, you'll be ready to go Via the Mobile Adventures App or via Zoom on your computer. Your event manager will set the scene with a virtual briefing to equip you with all the tools and knowledge you'll need to **escape!**

"The game itself was a huge amount of fun and enjoyed by everyone. I couldn't recommend this enough as an activity for a group of people."
