SEE THE EVENT IN ACTION!

Rags to Riches is the ultimate fast moving inter-team competition. The stakes are high as teams gamble to become multi-millionaires. Light-hearted and great fun, each round provides the opportunity to win or lose a fortune in a frenzy of team activity.

The event follows a series of head to head games with teams successively competing against each other. Strategically gambling their wads of complimentary cash, the pressure is on to beat the opposition and build a bigger bankroll.

As the rounds draw to a close, teams face the highs and lows of wealth or ruin as they see their fortunes ebb and flow. Passions run high as the competition builds to a nail-biting climax with shrewd gamblers looking to consolidate their winnings and desperate teams risking every cent in the hope of a last gasp jackpot.

When the final round is finished and the room hushed in expectation, teams count their cash under the watchful eye of the Master of Ceremonies. Then amid the cheers and jeers of their fellow contestants, the winners make their way to the front for the victory presentation.

“...the games were a real success. Today everyone is raving about how much fun it was and how competitive it became!” Heineken

RAGS TO RICHES

DETAILS

The games are achievable and interesting - but most of all fun - and will require some thought and skill, but most importantly strategy and teamwork. The Event requires the members of each team to work together using individual talents to achieve team success. Your guests will be divided into an even number of teams comprising between four and six guests. We will select a variety of games from the following to suit the room dimensions and the group size.

Table Football

A frantic game of table top football with a bonus for the victors and nothing for the losers. Should there be a draw at full time the winner is decided with a golden goal or your money back.

Basketball Shoot Out

A skilful game of basketball with each team member seeking to shoot as many baskets as possible in a head to head race against the clock!

Giant Bar Skittles

This traditional pub game is a game of A simple but tricky game as each team member seeks to knock down as many pins as possible.

Splat the Rat

A game of fast reflexes as teams try to 'splat' the rat with a baseball bat as it emerges at full speed from the drainpipe!

Quoits

A traditional game played on a decorative backboard with accuracy and a light touch needed to throw the hoops onto the pegs.

Golf Putting

Played on a fifteen ft green, each team member has a chance to score points and earn money for their team.

Skittles

English ninepins, from which Ten Pin Bowling developed, played on a full size 20' skittle alley.

Speed Pool

Traditional American bar game played against the clock with team members taking alternate shots complete with time penalties.

Bowls

Each team member plays an 'end' against a member of the opposition with points scored by being nearest to the jack.

Blackjack

This traditional card game is played on a professional casino Blackjack table. Guests play against the dealer with the object of drawing cards totalling up to twenty-one.

Air Hockey

A fast and furious game with team members aiming to score by shooting the puck into their opponent's net.

Darts

A traditional game played head to head with teams vying to 'go round the clock' in the fastest possible time or outscore an opponent head to head.

Indoor Archery

Relive those childhood Robin Hood fantasies, with our fantastic Indoor Archery – using full-size bows, but with amended arrows & inflatable target.

OPTIONAL UPGRADE GAMES

Batak (at a small supplement)

The object of the game is very simple, yet very addictive – ‘hit’ as many lights as you can in a given time period – usually 60 seconds. As soon as you ‘hit’ one light – the next one lights up on the square frame. Amazingly addictive and brilliant fun to watch – can you beat the world record?

Giant Operation (at a small supplement)

The pressure is on. Have you got the guts to remove those vital organs or will you lose your concentration and your patients?

Neuron Racer (at a small supplement)

Great fun to watch and even better to play – this is two player reaction speed batak! They stand at each end of the machine and see eight illuminated discs lighting and dimming in a totally random way. For 90 seconds they both have to hit as many lit discs as possible to find the ultimate speed champion.

Catch It (at a small supplement)

10 items suspended above you head... are released with a random drop pattern from our automated standing frame, the aim is to catch the falling items hence only those with cat like reflexes shall prevail!

THE FINALE

At the end of the action-packed programme the winnings will be counted. The team with the most money will be declared the winners.

Prizes

We will provide a Winner’s Medal for each member of the Winning Team.
